DO: Tithe. What's so important about it? Why does the Bible tell us to honor God with our wealth? Jesus used this simple response when talking to the disciples of the Pharisee's about paying taxes, "So give back to Caesar what is Caesar's, and to God what is God's." Ask yourself what belongs to God, and how that relates to God's requirement of His children to give back a portion of what they posses to Him.
