DO: A person may have faith, but are they showing it through their works? We aren't talking about works for salvation, because we all know God's grace alone is what saves us. The works we are talking about here is work for God. Serving God. Supporting ministries. Reflecting Christ to others. This is the work we are talking about. Write down some ways you can "work" for God and commit to doing at least one of those things this week.
