WATCH: [James 3: A Story](#)

READ: Matthew 18; James 3

DO: Taming the tongue. Gossip. Confrontation. God knows our human nature so well that He ensured scripture touches on each of these areas. Think about how dangerous and damaging words can be. Words have started fights, torn families apart, destroyed people's reputations, and even started wars! With an accountability partner, write down the ways you are struggling to do things God's way with how you talk to others, how you talk about others, and how you address confrontation. Next, pray for each other that God may do what no one can do, which is "tame the tongue."
